

Operating System Installs

Do you need an Operating System? (OS)

Are you tired of Windows and want to try a different OS?

We can help with that. We do stock some operating systems on the shelf if you wish to purchase a hard copy of your operating system.

Whether it's a new computer and you need an operating system or you would like to try a different operating like maybe a Linux based OS or similar. Or maybe you would like to try a dual boot system with both a Linux based OS and Windows OS or maybe a different combination.

Come and talk to us. We will try to accommodate what you need or want.
