

# Water Damage

Opps. Did your cup of tea or beer get knocked over onto your laptop or phone?

Did you get pushed into the pool with your phone in your pocket?

Or were you working outside, and it rained on your phone or laptop, and it now won't go because of water damage?

There is a very high chance we can help with this as well. Or we can just advise you of your options in this very unfortunate situation.

Come and talk to us and we will do our best to help.
